## About the Director

Hello! I am Angela Cutlip. I hold a Masters of Education in Curriculum and Instruction. I received my undergraduate degree in Elementary Education from Tennessee Temple University. While teaching at Aldert Root Elementary, Classical Magnet School, I received my graduate degree from North Carolina State University. I have 13 years teaching experience in Wake County. I have also worked as a teacher trainer in the areas of reading, writing, and technology. I have a love for children, teaching and learning. As a result, ATC Educational services was established to provide professional services for home schooling families in North Carolina.

Sincerely,  
*Angie Cutlip*

Call us today and we will be happy to answer your questions. Please keep in mind, we are very busy testing; and for whatever reason you do not hear from us in a timely manner, PLEASE call us back. Your call is VERY important! If you use e-mail please include your phone number and area code.

## ATC Education Services

ATC Education Services accommodates pre-school and school-aged students. Our mission is for all children to maximize their God-given abilities by providing families with testing, assessing, and consulting services. ATC is committed to excellence and professionalism in caring for the needs of your child, whether in the private, public, or home school sector.

## Assessing

ATC Educational Services will help you assess your testing needs. If you are a home school parent, it is important for you to understand your options for standardized achievement testing.

- ◆ You can have a trained test administrator test your child using an individualized achievement test. The WJ<sup>®</sup> III (Woodcock-Johnson III) is given to your child one-on-one.

## Testing

We provide individual achievement testing using The Woodcock-Johnson III (WJ<sup>®</sup> III), which is the most widely used and recognized individualized achievement test in the country.

**We test students from 2 to 92!**

- ◆ Call us to schedule your appointment.

The (WJ<sup>®</sup> III) can be given at any time during the year. Keep in mind that is not necessary for you to have completed a year's worth of work.

## Consulting

ATC Educational Services provides consulting for parents and educators.

Not sure if the curriculum you are using is a good match, we can HELP! Not even sure what curriculum to use, we can HELP!

**Family Consulting:** We work closely with families. Following assessments, recommendations are made for your child. These may include, test interpretations, planning, resources, teaching strategies, grade placement decisions, interventions, and other services beneficial to your child's success.

**Teacher Consulting:** We offer experienced Teacher Training in the areas of Reading Assessment, Classroom Management, Writer's Workshop, Motivating Students to Read and Technology.

## Advantages of WJ<sup>®</sup> III as compared to Group Test Such as CAT/5, SAT or ITBS

### One-on-One Testing Allows for:

- Friendly, Relaxed, and Interactive Testing makes for a good testing experience.
- Encouraging Words of Praise are given during the session for students who are apprehensive.
- Parents may stay during the testing session or leave.
- Perfect for students working above grade level and those working below grade level.
- Each section designed to test what it is testing. For example, the math problem solving section is given orally with the option for the student to read the problem. This way a student lower in reading ability can demonstrate math ability without the constraints of reading difficulties.
- Only three sections are timed and, therefore, less pressure on the student.
- Quick feedback on your student's performance, as score reports are generated immediately following the testing session.
- Score Reports include Age & Grade Equivalents, Standard Scores and Percentile Rank Profiles, plus a Narrative Summary.
- On average each testing session takes approximately 2 hours.
